

Bigstone Cree Nation – Public Works Notice

Cistern Cleaning for Homes on Boil Water Advisories

Bigstone Cree Nation Public Works would like to inform residents on cisterns that cistern cleaning and disinfection work is underway for homes that have been on Boil Water Advisories, as part of ongoing efforts to restore and maintain safe drinking water systems.

This notice is intended to provide advance awareness only; no action is required at this time.

Prior to any cistern cleaning taking place at a residence, each affected household will receive a separate written notice. The written notice will include:

- The scheduled date and time of the cleaning
- Clear instructions regarding water use before, during, and after the work
- Contact information for any questions or concerns

A separate notice will be provided after cleaning is completed.

Thank you for your cooperation as we continue this important work to support safe drinking water in the community!

For questions, please contact Bigstone Cree Nation Public Works at 7808912422.
